

**OUR MISSION**

*To build the most in-demand, highest quality, most efficient cooling towers in the world.*

# LOWEST \$ kW/TON COOLING TOWERS™

**Revolutionary Patented  
Rotary Spray Nozzle**  
*3:1 Turndown capability delivers  
unparalleled energy efficiency!*

**TOWER TECH™**  
COOLING TOWERS FOR DISCERNING USERS™

# TOWER TECH MODULAR COOLING TOWER™

## VARIABLE-FLOW ROTARY SPRAY NOZZLE™

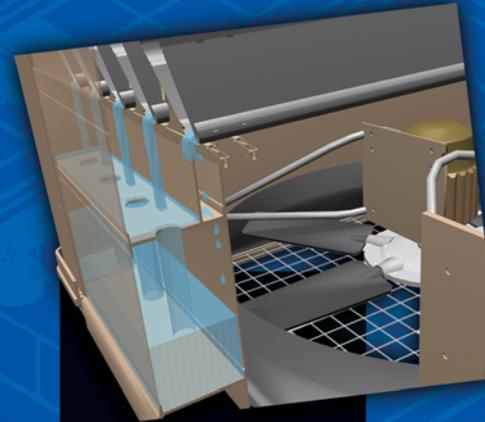

- Clog Free Operation, Auto-Flushing, No Maintenance
- 3-to-1 Turndown, Revolutionary Energy Savings
- Uniform Square Spray Pattern Maximizes Tower Performance
- Reduces Drift Emissions
- Reduces Fill Maintenance, Extends Fill Life
- Ultra Low Pumphead

CUTAWAY VIEW OF TOWER TECH MODULAR COOLING TOWER™

## SELF CLEANING FLOW-THRU BASIN™

- Patented Water Collection System™
- High Velocity Flow, 5-7 fps
- Innovative Design – No Open Reservoir Or Side Louvers
- Reduced System Volume
- Allows For Higher Cycles Of Concentration
- Reduced Water And Chemical Use
- Nearly Maintenance Free
- Lower Operating Weight
- Mechanical Equipment Installed In Cool, Dry Intake Air Stream

CUTAWAY VIEW OF HIGH VELOCITY FLOW-THRU BASIN™

## MODULAR DESIGN WITH BOTTOM MOUNTED FANS

- Ideal For High Value Applications – HVAC, Power, And Process
- Lowest Life-Cycle Cost
- Heavy-Duty, Lightweight Fiberglass Construction
- Factory Assembled For One-Hour Installation
- Simplified Connections
- Direct-Drive Fans For Reliability And Redundancy
- 600 - 600,000 GPM  
200 - 200,000 Tons

VARIABLE-FLOW ROTARY SPRAY NOZZLE™
